1. On 17 January 1954, the Artillerie Kaserne in Perleberg was occupied to capacity. The installation was guarded by a sentry with red-bordered black epaulets. On the mornings between 6 and 17 January, three T-34/85 tanks left the installation toward Wittenberge and returned in the afternoon. During the same period, 150 to 200 troops with red-bordered black epaulets left the installation for the garrison training grounds and also returned in the afternoon.
2. On 17 January, the Fliegerhorst Kaserne was heavily occupied.

25X1A Comment. The observations indicate no changes in the occupation of the Artillerie Kaserne and Fliegerhorst Kaserne which still quarter components of the 18th Mecz Div.
